**SUBJECT:**

UCONNECT And Voice Recognition Operation

**MODELS:**

2007	(JS)	Sebring
2007	(JK)	Wrangler
2007	(KA)	Nitro

**DISCUSSION:**

On 2007 Sebring and Nitro vehicles, the Voice Recognition and U-CONNECT selections for RES and REQ (RET and REL International radios) radios will only work if the vehicle is equipped with the factory installed Uconnect Hands-Free feature (sales code RSP).

On 2007 Model year Wranglers vehicles, the Voice Recognition and U-CONNECT selections for RES and REQ (RET and REL International radios) radios will not work because these vehicles **do not offer** the factory installed Uconnect Hands-Free feature (sales code RSP). **Do not replace radios on Wranglers because these function do not work.**
